

# AFS Series Softener/Iron Filter

- *Reduces Staining*
- *Eliminates Odors*
- *Brighter Laundry*
- *Protects Plumbing*
- *Corrects Acid Water Conditions*
- *Provides Luxurious Soft Water*

Patent Pending

- **One Unit.** Does the job of three pieces of equipment. Iron Filter, Acid Neutralizer, and Water Softener.
- **Easy to Install.** One Control Valve to plumb.
- **Meter or Time Clock Initiation.** You have the option to switch at any time.
- **Full Flow Bypass Valve.** Simple to use valve allows you to bypass the system for lawn irrigation.
- **Simple Maintenance.** Merely add salt periodically. If raw water pH is low, the filter media will need replenished occasionally. Fill port provided.
