- *Provides luxurious, soft water*
- *Meter Initiated*
- *Bypass Valve*
- *Built-in Carry Handles For Convenience*

Powerful and Compact!

The PWS1CC Compact Cabinet Series is ideal where space is limited. These compact units maintain many of the same features used on the larger two tanks system, but does so with a much smaller footprint. This combined unit is easy to install, maintain and service.

Model Number	Grain Capacity		Type of Regeneration	Flow Rate (gpm)		Overall Dimensions			Pipe Size
	Max.	Std.		Peak	Service	D	W	H	
SCCWS1-1035	30,000	24,000	Meter	22	8	24"	12"	45"	3/4" & 1"
SCCWS1-1044	39,000	32,000		19	10	24"	12"	50"
